Dear Dick,

If I can keep to my present plans O probably will be away 7/8,9. I plan to resume my work in N.O. before then. Why not drop me a note when you know wher you plan to stay and if there are any last-minutes shifts, I can still mee you. Better still, since you can stay here that night if I'm home, why not call me person-to-preson, just before you come? If I'm not here, you'LL know; and if I am you can both stay and we can go to the Archives together.

I have written the west coast re: Alyea film. My best tothose you see. You can reach Palmer when you are there. I asked him to send it registered.

Photographic link between J&F ass. fascinates, very much. Tell me, please, when you can.

No recent conversation with Jim.

Does McCammon's photo tell us anything new?

Hurriedly,
